

## Magazine Search Tips – 3 Easy Steps

Not sure how to search our magazines? First thing's first. You'll need your library card number and PIN to get started. If you don't know your PIN, please visit [www.itascalibrary.org/youraccount](http://www.itascalibrary.org/youraccount) to learn how to create one. Once you're in, follow the steps below.

**Step One:** Click on the link for "search within this publication." (You can search by publication year too).

The screenshot shows a library website interface. At the top, there is a green header bar. Below it, a light green bar contains the text "Search within this publication" in blue. A red arrow points to this text. Below the header, there is a grey bar. To the right of the grey bar, there is a section titled "All Issues" in bold. Below this title, there is a list of years from 2008 to 1996, each preceded by a plus sign and underlined as a link. At the bottom of the page, there is a search bar containing the text "spx?direct=true&db=aph&jid=CRP&site=ehost-live". To the right of the search bar, there is a "BOOKMARK" button and several small icons.

**Step Two:** DON'T DELETE the text that's already in the box – that's the magazine title. Just type in the word **and** followed by your search terms (eg: *and vacuum cleaners*) and click search. Remember, if you want full-length articles checkmark the box for full text.

Searching: **Academic Search Premier** | [Choose Databases »](#)

JN "Consumer Reports" and vacuum cleaners

**Search**
